

# Tableau Installation instructions

Installing Tableau Public is easy, just follow the steps below:

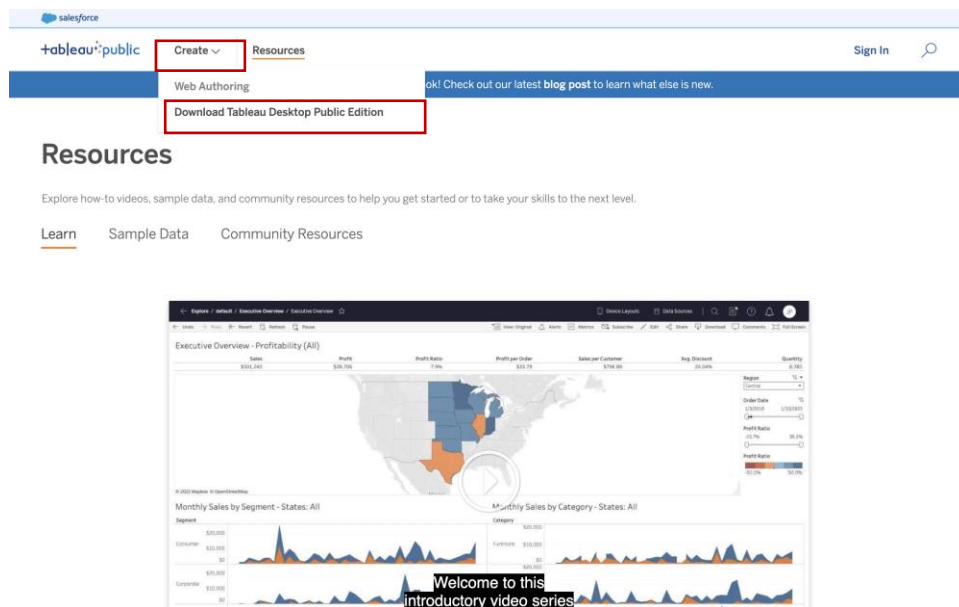

## Preliminary steps:

Create an account by clicking on 'sign in' on Tableau Public:

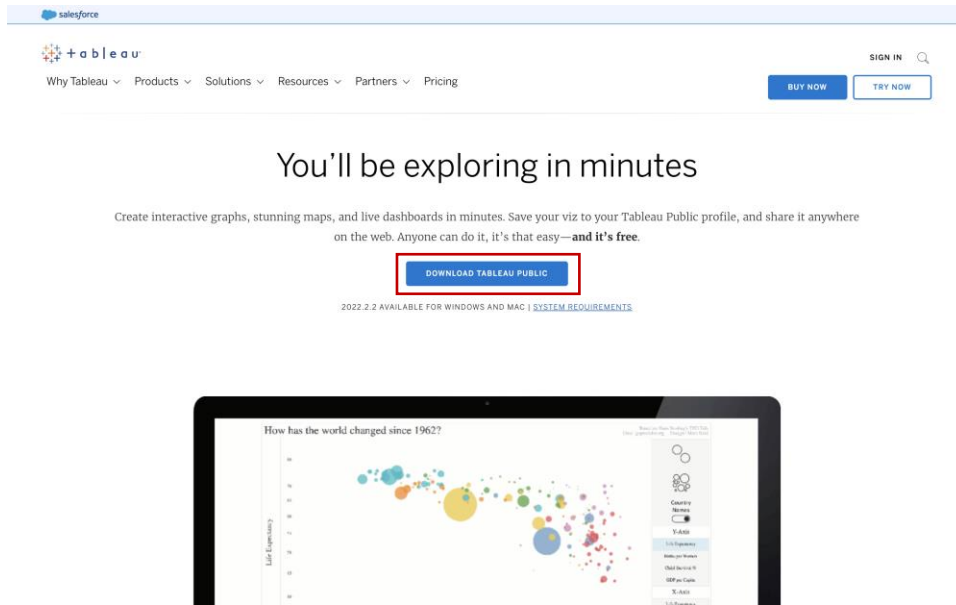

<https://public.tableau.com/app/resources/learn>

After you have created your account, follow the steps below:

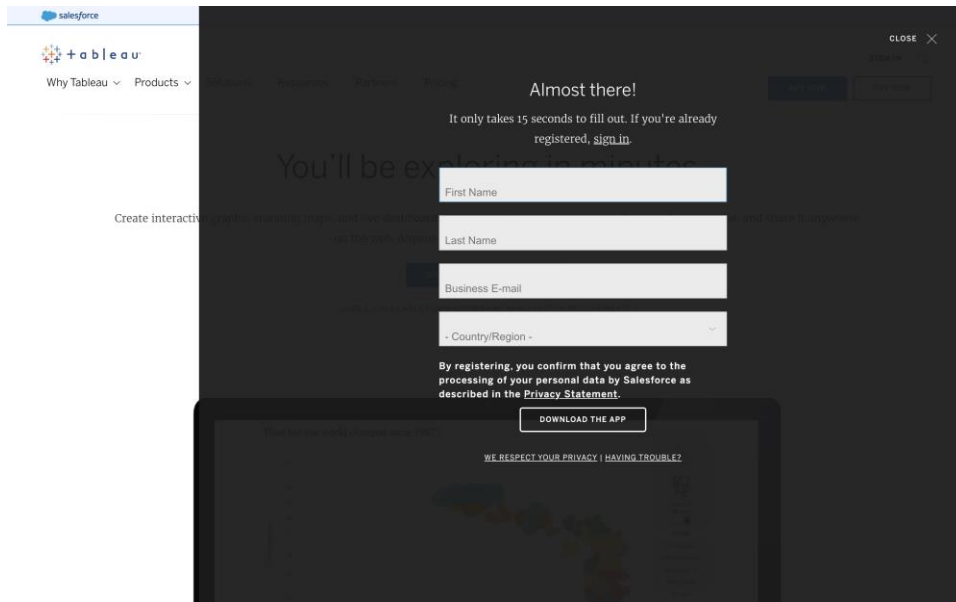

1. Visit this link: <https://public.tableau.com/app/resources/learn>

2. Click on 'Create'.
3. From the drop-down select 'Download Tableau Desktop Public Edition'

4. You should see a screen like the one above. Just click the blue button that says 'Download Tableau Public'

5. You will see a form like the one above, fill in your details and click on the 'Download The App' button.

6. The appropriate version of Tableau Public Desktop will start downloading on your system.
7. Double click the download to begin installation.
8. Follow the instructions on the screen.
